Define Problem Statements (Customer Problem Statement Template):

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for your customers' challenges. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Example:

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A government policy analyst and socio-economic researcher..	Predict future HDI scores to plan budgets.	I rely on slow, manual reporting of past data.	Basic tools can't forecast complex socio-economic trends.	Frustrated and unsure about long-term decisions
